

Overview

European Policy Analysis (EPA) is a double-blind peer-reviewed journal on policy research with the aim of presenting the European perspective(s) on policy analysis. It is published twice a year, in May and November, under the aegis of the Policy Studies Organization (PSO) and in cooperation with Wiley Blackwell.

EPA invites previously unpublished papers and quality articles that fall within its scope. It is especially interested in articles that present the European state-of-the-art for major theoretical or practical concepts of policy analysis such as “Institutions”, “Policy Learning”, “Evaluation”, “Policy Advice”, “Advocacy Coalition Framework in the European Context”, “Multiple Streams Approach in the European Context”, “Punctuated Equilibrium Theory in the European Context”, “Programmatic Actors”, “Actor-centered Institutionalism”, “Multi-Level Policy-Making in the European Context” and other similar contributions. We also invite overviews on regional perspectives on public policy in Europe ranging from country reports (e.g. “Policy Analysis in France”, “Policy Analysis in Russia”, “Policy Analysis in Slovenia”) to regional ones (e.g., Policy Analysis in the Baltic Countries”) and similar contributions.

European Policy Analysis welcomes submissions at any time and publishes accepted articles online-first. For news and latest developments, follow us on Facebook ([European Policy Analysis](#)) and Twitter ([@EPA_Journal](#)) and visit www.politikfeldanalyse.de. Do not hesitate to contact us via email (epa@ipsonet.org), in case you have any questions or queries.
